RDHS

### - MUSIC

Concerts were given regularly in the winter and programmes compared favourably with those of southern cities. The Orpheus Club was founded in 1883 and closed just before 1914. The Philharmonic Society, formed 1870, and the Liedertafel, formed 1887, were merged to form the Musical Union in 1888. The advent of moving-pictures has been blamed for the demise of these societies.
